

Thursday 7th December 2023

Headteacher: Mrs G. Franklin

Dear Parents/Carers,

As part of our curriculum, Year 2 have been learning about food groups and healthy and unhealthy food. As part of this, they will be designing and making their own cereal bars and tomorrow the children will be taking part in a tasting session.

They will be tasting:

- dried cranberries
- raisins
- dried mango
- dried banana
- dried apricot
- cheerios
- rice krispies
- cornflakes

They will choose their favourite dried fruit and cereal to make their cereal bar in the following weeks.

We are aware of dietary requirements, allergies and intolerances, but please let us know if anything has changed with your child's medical needs in preparation for tomorrow.

Please ask your child's class teacher if you have any further questions.

Kind regards,
Miss Brown
